REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or suggest, in the claimed combination, a microrelay device having first and second electrically conducting latching beams including distal end wherein the first beam is sufficiently elastic to enable it to bend responsive to a bending force from a first configuration at which the distal ends are unlatched toward a second configuration at which the first beam is curved and the distal ends are latched, the distal ends when unlatched being spaced apart sufficient to open a current path between terminals connected to the beams and when latched contacting to complete a current path between the terminals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lincoln Donovan whose telephone number is (571) 272-1988. The examiner can normally be reached on M-F 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Elvin Enad can be reached on (571) 272-1990. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
